RIG 8

MOBILE DRILL B37, MOUNTED ON MT20, WIRELESS CONTROLLED TRACK CARRIER

Description

This versatile medium size multi-purpose rig is suited to mineral exploration and larger geotechnical and environmental drilling projects.

Dimensions:

Width: 2.3m
 Length: 7.7m
 Height: 2.7m (mast down)
 8.0m (mast up)
 Weight: 8t GVM

Specification:

Type:	Mobile Drill B37	<i>Mobile Drill have been manufacturing Rigs since 1947.</i>
Year of manufacture:	2012	
Carrier:	MT20, track	

Pumps:

W1122 triplex pump
 Mono 3"
 Cat injection pump

Capability summary

Solid Auger: 25 meters (100 – 200mm)
 Hollow Auger: 25 meters (100 - 225mm)
 Auto SPT hammer: Yes
 Concrete coring: Yes
 Rotary mud: 3" Rod – 150mt
 Coring: NQ – 500m, HQ – 300m, PQ 120m
 Down hole hammer: 3" Rod – 150mt – with auxiliary compressor
 Slimline RC: 3" Rod – 100mt – with auxiliary compressor
 Levelling system: 4 hydraulic legs
 Dump Mast: Yes
 Winch: 1 main / 1 wireline
 Angle drilling: up to 60 degree from vertical
 Rig powered: Deck mounted, John Deere

Occupational Health & Safety

Emergency stop: 4
 Lifeline emergency rotation shut down system
 Fire suppression: 1 x 9kg
 First aid kit: Yes
 Safety Cage: Yes
